

PRODUCT CHANGE NOTIFICATION

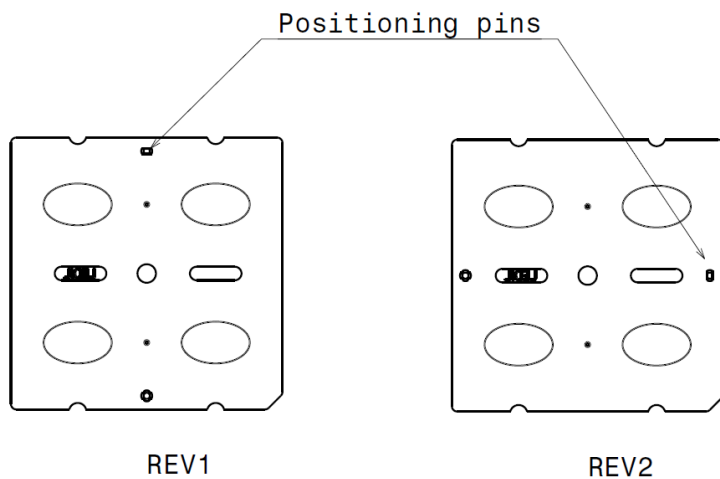

Date: April 20, 2016
PCN: PCN LEDIL 117

Subject: PCN 117- Change of positioning pin locations in STRADA-2X2-T1 lens

Description: C15135_STRADA-2X2-T1 street lighting lens is providing an asymmetrical light distribution that was not conforming to the product family because of 90 deg different beam direction compared to other similar products within STRADA-2X2 product family. Therefore LEDiL has changed two positioning pin locations to ensure better inter-product compatibility. The change will affect the lens to be assembled 90 deg differently on the PCB than before.

Time line: This change is valid immediately.
In case you have stock of REV1 lens shipped before 20.4.2016, please contact LEDiL sales for RMA.

Changes: The two positioning pins of C15135_STRADA-2X2-T1 change rotation to
